

## **BENEFIT CONCERT FOR DAYTOP-NEW JERSEY**

### **SPONSORSHIP OPPORTUNITY**

**Southside Johnny and the Asbury Jukes  
Community Theatre at Mayo Center for the Performing Arts  
Morristown, New Jersey  
Saturday, February 16, 2008**

*“Every Kid Deserves a Chance”*

This important fundraising event will help save the lives of our New Jersey adolescents in need – kids who are fighting drug and alcohol abuse.

You can help by becoming a Corporate Sponsor. For a \$1,000 contribution sponsorship will include 4 VIP tickets, a “Meet and Greet” with the Band and more.

My own son Corey suffered, as many young kids do these days, with drug abuse and Daytop-New Jersey saved his life. DAYTOP-NJ offers residential and outpatient substance abuse treatment centers and program for adolescents. Their Mendham, NJ coed facility houses, treats and educates 70 residents, and their Pittsgrove, NJ facility treats and educates about 30 young men. There are also two outpatient facilities.

Corey lived in Daytop - Mendham for many months receiving the treatment he needed while continuing his education at their fully accredited high school. It is my belief that this facility and program helped to save my son’s life. He is now home, happy, healthy and productive -- attending college and working to support himself.

Continuing education is integral to every child’s success and recovering addicts are no different. In an effort to improve their high school program, DAYTOP –NJ is looking to complete construction on a new building but needs considerable more funding. This important fundraising event will help Daytop help kids.

By becoming a Corporate Sponsor you are helping kids in need. Please sign up today by calling 609-581-0600 or go to [www.southsidejohnny.com](http://www.southsidejohnny.com) for more information.

Cordially,

Paul Ressler

**P.S. If you currently know any kids and their families in crisis call me – I can help!
